# Bee Ambassador Program

Saturday 8 September to  
Monday 10 September 2018

## Got what it takes to become a Bee Ambassador?

Are you a passionate and active Bee Advocate looking for new ideas  
and ways to stay motivated and inspired?

Do you have an outstanding Bee Advocate in your community and want to demonstrate your appreciation for their dedication and commitment?

---

Do you have a great idea and want to share it and grow it beyond your existing community?

---

## **Bee Ambassador Program Residential Training**

When Bee Foundation is holding a 3 day Residential Training Program from 8th to 10th September for leading Bee Advocates who are volunteer champions for a bee cause in their community.

---

**Applications close on 31st July 2018.**

This is a skills development program in an intensive workshop format. Places are therefore strictly limited to 35 people so get your applications in fast.

Program details and application form can be download from the When Bee Foundation website.

When Bee Foundation is partnering with NSW DPI, University of Sydney and University of New England to establish a Queen Bee Genetic Improvement Program at DPI's Tocal Ag College. As a first step, feedback is being sought from Australian queen breeders and beekeepers running 200 or more hives. Your experience and values will help to inform and shape the breeding program design and ensure the production traits measured will optimize the economic gains for industry.
